D. Sundling & Co.

There is a certain air and style about these

## \$12 and \$15 Fall Suits

that you do not get anywhere else—a liberality about them and a fineness of finish that is only produced by taking infinite pains in the making. The most of the fit in a suit of clothes is in the coat, and the most of the fit in the coat is in the collar—the lapels—that distinctive hang over the shoulders. That is where style shows, and it stands boldly to the front in these clothes.

Drop in To-day or To-morrow---

we mean practical men—and look at these beautiful fall creations of stylish Men's Suits.

## JUST TWO SITES.

East End Hose House Will be Located on one of two Lots.

## MEETING OF FIRE COMMITTEE

Held Last Night at Which the Matter was Discussed at Considerable Length—The Exley and McGannon Lots are the Sites Favored, and one of the two Will be Chosen by the Purchasing Committee.

At a meeting of the council committee on fire department held last evening at the city building, the matter of a site for the proposed East End hose house was discussed at some length. The selection narrowed down to two sites, the W. H. Exley lot on McCulloch near the Elm Grove power house, and the John McGannon lot on the same street, just beyond Twelfth. The purchasing committee will close at once for one of the two sites.

The meeting was presided over by Chairman Baird, and Councilmen Meyer, Beckett, Fox, Healy, Bachman and Gartley were the other members present, together with Fire Chief Cline and City Engineer A. L. White.

After bills to the amount of \$559.92, had been audited and recommended to council for payment, the committee took up the application voiced by Mr. Bachman on behalf of the Hook & Ladder company for painting and papering and a hot water boiler. The committee ordered the improvements to be made under the direction of Chief Cline.

Mr. Meyer moved that the chief purchase wire to wire the several engine and hose houses preparatory to the use of electric lighting instead of gas, the light to be furnished by the Consumers' Electrical company. There was a short discussion and it was said the company had originally agreed to furnish both light and wiring. Mr. Meyer then amended his motion to the effect that the chief be instructed to see the company and ask the officials to bear the expense of wiring the buildings.

Mr. Meyer said the Emancipation Day committees wanted the fire department to participate in their coming parade. A strong objection to allowing the department to take part in any parades developed, and on motion of Mr. Bachman it was decided that the department will in the future take part in no parades.

Mr. Fox suggested that a third horse be purchased for the Hook & Ladder company, but it was pointed out that there is no room in the house for another horse. Ex-Chief Healy said a new hook and ladder equipment will have to be had soon. With a fire in the top stories of the Grand Central hotel, Exchange bank, Hicks & Hoge or Peabody buildings the present equipment would be inadequate.

A site for the proposed East End hose house on McCulloch street was discussed. Mr. Beckett said John McGannon would sell his property on McCulloch street, between Twelfth and Thirteenth streets, at the rate of \$70 a front foot, 120 feet deep; or he would sell thirty feet, sixty feet deep, for \$1,500, and give a ten foot private alley at the side.

Mr. Meyer suggested a site on or nearer the Peninsula, which could be secured at a much more moderate cost. Other members of the committee, however, believed the East End apparatus should be centrally located at some point on McCulloch street. The lot owned by W. H. Exley, on McCulloch, near the Wheeling & Elm Grove power house, was suggested as a good site, and it was said it could be bought for about \$700. Some of the members of the committee believed this site was too far out. Finally, the matter was placed in the hands of the purchasing committee, which will select a site.

## Accounts Committee.

The council committee on accounts met last night and audited the books of the city receiver and city clerk, which were found in good shape. Bills aggregating \$219.01 were audited and recommended to council for payment.

## Council To-Night.

City council meets to-night in regular session, but there is not much up aside from routine business. Councilman M. A. Chew may introduce his resolution to appropriate a sum with which to buy for Ensign John S. Doddridge a sword or other testimonial, in recognition of his services for his country in the memorable naval battle of Manila bay. As young Doddridge was the only Wheeling boy, either officer or seaman, who figured in the Dewey victory, it is altogether commendable for the city to show its appreciation.

Previous to the meeting of council, the committees on real estate, streets, alleys and grades, petitions and remonstrances and cemeteries will meet. The streets, alleys and grades committee will act on the amended Wheeling Railway Company ordinance for a new lower South Side loop, on Forty-third, Eoff and Forty-eighth streets.

## Big Crowd from Wheeling.

The Diamond Jubilee session of the sovereign grand lodge, I. O. O. F., will be held in Detroit September 18th to 23d. This promises to be one of the largest and most interesting meetings of the order ever held. It is expected that one hundred thousand men will be in the parade. Twenty-five thousand dollars in prizes are offered for the competitive drills. The local committee on transportation has selected the Wheeling & Lake Erie as the route to Detroit. This road will run an excursion to Toledo on Saturday, September 16th, at \$4 for the round trip, tickets good until September 24th, and the committee has arranged with the Star Cole line of steamers for rate of \$1 for the round trip, Toledo to Detroit and return. This will give a magnificent daylight lake trip. A cordial invitation is extended to all members of I. O. O. F. and their friends to join in this trip. The train leaves Wheeling at 11:15 a. m. The committee in charge of the trip is composed of Messrs. S. M. Darrah, C. T. Reed, C. H. Loeffler, D. W. Martin and R. M. Sandy.

A FEW more great bargains in Pianos and Organs left at the great closing-out sale of

MILLIGAN, WILKIN & CO.,  
1140 Market street.

BAD blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

## KIDNEY TROUBLE.

The Most Prevalent, Dangerous and Deceptive Disease.

Thousands Have It and Don't Know It.

Pains and aches come from excess of uric acid in the blood, due from neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is overworking to pump the thick, kidney-poisoned blood through the veins and arteries.

Soreness or uncomfortable feeling in the back indicates kidney trouble of no small importance.

The passing of scanty or profuse quantities of urine is a warning of kidney trouble. If you want to feel well you can make no mistake by first doctoring your kidneys.

The famous new discovery, Dr. Kilmer's Swamp-Root, is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases after all other efforts have failed.

Sold on its merits by all druggists in fifty cent and one dollar sizes. A sample bottle sent free by mail to any address. Also a book telling all about Swamp-Root and its wonderful cures. When writing address Dr. Kilmer & Co., Binghamton, N. Y., and mention that you read this generous offer in the Wheeling Daily Intelligencer.

## BLOT ON CIVILIZATION

Is Mayor Sweeney's Opinion of the Dreyfus Court Martial Verdict—His Opinion Expressed to a New York Newspaper.

Last night Mayor A. T. Sweeney received the following telegram from a well known New York newspaper:

"Will you sign address to Dreyfus expressing sympathy injustice of the verdict? Telegraph answer, with comment."

His reply was as follows: "Will gladly sign address. A verdict based on race prejudice, self interest and hearsay evidence is a blot on civilization, and should be strongly denounced."
